SUMMARY

Full Stack Developer and UI/UX Designer with hands-on experience in web and IoT projects. Skilled in Java, HTML, CSS, JavaScript, and Figma. Focused on building scalable backends and clean, user-friendly interfaces.

EDUCATION

2023 - 2027	Bachelor's Degree at Noida Institute of Engineering and Technology	(CGPA: 8.3)
2023	Class 12th CBSE at Jagran Public School	(Percentage: 77.6)
2021	Class 10th CBSE at Jagran Public School	(Percentage: 75.2)

INTERNSHIP

Frontend Developer- ISIC EDTech

Worked on a startup as a Frontend Developer, contributing to UI/UX design and user research to improve overall product experience.

Figma Intern- Simplilearn Skillup

Completed a UI/UX Design internship using Figma, where I designed user-centric interfaces, created wireframes and prototypes, and improved usability through design principles and feedback.

PROJECTS

ISIC EdTech

[Link to Demo](#)

This platform is a multi-user platform for learning, progress tracking, and educational opportunities.

Lost And Found Portal

[Link to Demo](#)

Built a user-friendly lost-and-found platform where users can easily report, search, and recover lost items.

EasyPay

[Link to Demo](#)

Built a secure self-checkout platform that lets users scan items, complete purchases, and payments quickly.

CERTIFICATE

1. Java - Oracle
2. SQL - Oracle
